Senior Class Will Renew Old Tradition

A campus tour, lunch and a trek up "Y" mountain to paint class numerals above the block Y will be included in the seniors' "Last Look."

Activities Saturday will begin at 9 a.m. with an assembly program in Smith auditorium. Dean Wesley P. Lloyd, dean of students, will be the speaker.

The campus tour will begin at 10 a.m. and will include such places as the planetarium, sound chambers in Eyring Science Center, the IBM electronic brain and telephone exchange.

After the two-hour tour lunch will be served in the Smith Family Living Center patio. There will be entertainment during the luncheon period.

To climax the day's events, seniors will renew an old tradition by climbing the mountain and painting their numeral. This tradition was lost followed in 1953.

Tickets for "Last Look" are on sale now in Smith Family Living Center, Clark Student Service Center and Eyring Science Center. They are 75 cents.

Complacency's Top Soviet Weapon

On Judgment Day one thing's fairly sure—half the people will be too busy or too disinterested to be there, and of those there will not believe what's going on.

This conclusion is based partially on the results of last Monday's Forum Assembly at which time faint echoes of the Final Trump might have been heard. That assembly may well have been one of the most important of the year.

Yet in the face of Dr. Schwarz' clear, icy logic, there are "intelligent," "thinking" persons who fold their hands in smug complacency and snort, "Hogwash." There is no doubt in their minds, based on some long held doctrine, that the American continent is immune from attack.

It might be well for some "it-can't-happen-here"-ists to consider that the Lord's promise indicating that the American continent would never be subject to a king was based on certain predictions.

COMPLACENCY IS WEAPON

These head-in-the-sanders are the Kremlin's most effective weapon.

It was this kind of thinking that led directly and inevitably to Pearl Harbor. It has already put this nation on the path to Armageddon.

For there is no mistake: The moral and intellectual conflict between East and West is more than one of ideology, more than one of governmental theory. It is the battle between Good and Evil, between the influences of Christ and the influences of Lucifer.

Few among us would hesitate to take up real weapons to fight a visible foe in defending the safety of our home. But the present battle is far more subtle and less easy than

Poetry Society Urges Participation

Leaders of the Utah Poetry Society urge the public to submit their own poetic compositions, many of which will be honored by being read at a special workshop during Leadership Week at Brigham Young University.

This meeting will be a congenial gathering and will be held at the Utah Poetry Society—headed by Dr. Clinton F. Larson of

Brigham Young University—and those attending the Writing Workshop of Leadership Week. Professor Larson encourages you to test this fine poem out of the drawer and share it with as wide an audience as possible.

If you have something that you feel would be appropriate for the occasion, please mail the

poem to Clinton F. Larson, President, Utah Poetry Society, Box 12, McKay Building, B.Y.U., Provo.

The meeting, to which the participation is invited, will be held in the Joseph Smith Memorial Building from 1:15 to 2:30 p.m. on June 6, 1959.

Dr. Edward Hart and President Larson will conduct the session. During the second hour of this meeting, the selected poems will be read.

Perhaps the most significant recent accomplishment of the Utah Poetry Society was the establishing, with the College of Humanities and Social Sciences of BYU, two workshops in writing.

One, under the direction of Olive Bert and Cameron Johns, meets each Thursday evening at the B.Y.U. Adult Education Center in Salt Lake. The other convenes each Wednesday in Provo, under the direction of Christine Lund Colles.

Both have been extremely successful.

Who's Here

Dear Editor:

Who is wrong, the thief who steals and gets caught or the witness who turns him in? I had always thought of stealing as a crime but after an incident which took place at the Helaman Halls Cafeteria, I wonder.

The incident involved an argument between a student and a teacher. The student was accused of stealing a book. The teacher was accused of being a thief.

The student was caught with the book. The teacher was not caught.

The student was punished. The teacher was not punished.

The student was humiliated. The teacher was not humiliated.

The student was angry. The teacher was not angry.

The student was sad. The teacher was not sad.

The student was confused. The teacher was not confused.

known student who was a mild

been informed on him for taking

something and not paying for

the evil of "stealing" as opposed

affair broke up with a great

total of between 20 and 30 stu-

ver eight "Goody, Goody" boys

who stuck up for the principle

heavily.

Was this the end of it? Not

ever since the incident, the

stealer has walked around like

As to the language which was

used in the above mentioned in-

I am quite sure that the young

Is this an indication of the at-

the students, student represent-

continue ignoring incidents in

I would like to see the stu-

CORRECTION NOTICE

Correction: An announcement in a classroom on campus last Thursday, and editorial comment in the Universe the next day, claimed that the Provo woman who said, "Since when does Provo City have to baby-sit 10,000 students?" was the wife of a tavern owner. A letter to the editor by her said she works at Geneva Steel and had no interest monetarily or in any other way with any tavern.

Since the Universe cannot prove in any way that she is the wife of a tavern owner, it retracts the earlier claim.

DISTANCE STAR—Gary Griffith performs at the University of Utah Stadium in the Skyline Championship meet. The Cats won an easy victory, and will go to the NCAA meet in Omaha, Neb., June 12-13.

Cougar Baseballers Review Past Events

by Frank Haynes
Universe Sports Editor

The horsehiders have hung up their gloves, stacked their bats and turned in their togs. The bull pen is empty and the haze of excitement has died down from among the spectators.

The big Cat, baseball wise, has returned to his lair for a season. But not without making a few tracks. Mainly on the back of the Utah Redskins.

The Utes and the Cats tangled in Salt Lake City going into the last stages of Western Division playoffs. The Cougars shellacked Utah 20-3.

The following day in Provo the Injuns retalled by frapping the Y batsmen 14-6 in the final round of Western Division play. They beat Wyoming in the Eastern Division, entitling them to play Colorado State College in the NCAA District 7 playoffs at Greeley, Colo., May 29.

Last year the Cats played CSC in Provo, to beat the two out of three tries. They declined the national bid at Omaha, Neb., because of a school ruling prohibiting Sunday play.

Falling one short of meeting CSC again this year, the VanNoy squad counted some of the amazing performances of team members. The Cats' overall record was 8-3 in division play. A game with Montana was rained out and a re-match was never scheduled.

Team batting average was .352 with lightning hurler Jack Cravens leading the parade. The fireball righthander posted a pitching record of 5-0 plus a 3.60 ERA for the season.

Mac Madsen came through with a perfect fielding average. He tallied a .457 batting average and netted 18 RBI's. Both Madsen and Cravens sparked the Skyline All-Conference team.

Cravens, Madsen, Jack Ship and Leon Moyes will be lost through graduation.

Basketball Players Accept Sun Flower Hurricane Bids.

Cougar Stan Watts' basketball squad has accepted a bid to play in the Sun Flower Invitational at Kansas and the Hurricane Invitational in Florida in December. December 18-19, BYU will join Kansas, Kansas State and San Francisco in the Sun Flower classic. The Cougars beat Kansas State this year in Provo, handing them one of their two defeats of the season.

The Cougars will travel to Florida December 23-29 to the Hurricane Invitational at Miami.

Cat Performers Face NCAA, AAU Finals

While awaiting okay of the proposed European tour, Brigham Young University's track and field squad continues workouts in preparation for the upcoming NCAA finals in Omaha, Neb. June 12-13.

Six men who spearheaded the Cougars to their fifth straight Skyline crown will journey to the meet, representing both the BYU and the Skyline conference. Following the NCAA, the Cougars will travel to Boulder, Colo., to compete in the AAU meet.

The six men Coach Clarence Robinson has selected to compete in Omaha are Dave Park-er, high hurdles; Dean Lum-

dell, half-mile; Gary Griffith, two-mile; Ed Costa, high jump; Glade Nixon, broad jump; and Marc Nielsen, pole vault.

Two other Cat thrashers will not appear in the meet. Matti Ruty, as a freshman is ineligible to compete and will leave for Finland at the end of spring quarter where he will meet the team if they should get the okay for the European junket. Dick Millet, low hurdles ace, is ineligible for the meet because he competed for the varsity as a freshman.

While the Cat squad doesn't have the depth yet to challenge for national supremacy, two or three of the entries are expected to garner points. Griffith, who placed fifth in the two-mile at Berkeley last spring, is expected

to be among the top men in the distance event this year.

Charles Dumas and Bob Avant both of USC will not be able to enter since Southern Cal is on probation for under-the-board payments to athletes.
